I can't do the meeting 1130-12 as I have a briefing to dial into. However 12 for lunch works. Also we just gave open times to Matt for a call
W Maine AG. So hope he doesn't pick 12?!

I'll hold 12. Will be nice to have lunch!

Excellent. Would 12:00 for lunch work for you? A novel idea if you wanted to/fit your schedule, we have our senior staff mtg from 1130 to 12 that includes Matt (usually), folks at my level from all the law offices, and all the RCs on video, and I could float the idea of your sitting in – would be the first time an RA made a guest appearance but could be interesting for everyone. We just do a quick round the table.

Regardless, give me your window for luncyh and we'll take it from there. Do you prefer to have your scheduler handle the calendar or can I just send you an invite?

Let's do that! I am in HQ all day on June 7 working so lunch or coffee work by me. I have a few appointments to work around.

Alex – next time you're in DC, I'm sure your agenda is always packed but it would be great if we could do a quick lunch or coffee or you just swing by my office for a chat. As you might expect, I've gained a wide breadth of experience in the last year and half across all the water issues and also working members of the new team. As you continue to get settled in your new position wanted to make myself available to assist (beyond my office's as usual excellent legal support in general). Take care and feel free to call me anytime.

Hi Alex,

I mentioned that the Maine AG's office has asked to meet – likely a call - with leaders in OGC and/or Region 1. See below. Since

Hi Scott: I have relayed your request from last week to EPA HQ (and also informed Region 1 of the request), but I have not yet heard back. I follow up when I do hear back. I may wish to be involved in any such meeting or call, so I do request that nothing be initiated until EPA decides how it would like to handle this request.

Thanks,

Dave

Dave – to follow up on our discussion from last week, several months ago you indicated that you had no objection to Maine DEP or members of our office talking directly to Region 1 and/or EPA HQ without you regarding the Maine Governor’s petition for reconsideration of EPA’s action on appeal in our pending litigation, and suggested that Maine contact EPA directly to try to set up those meetings. Maine is looking to reach out to Region 1 and/or EPA HQ again to discuss EPA’s decision on appeal, especially in light of the new DOI opinion recently filed by EPA. Please let me know if you have any objection to Maine doing that again, or whether you would like to be involved. Thanks.
